Committeemen Named For Defense Group

SAN MATEO—Appointment of chairmen to direct various divisions of the county council for civil defense, operating in co-operation with the State Council for Civil Defense, was announced here by Police Chief Thomas F. Burke of San Mateo, chairman.

Police Chief John J. Harper of Burlingame was placed in charge of personnel.

Other division heads are: Chief C. L. Collins, Redwood City, and Chief William Maher, San Bruno, operations; Chief James Reardon, Daly City, and Chief Louis Balloni, South San Francisco, intelligence; Chief Edward Wheeler, San Carlos, Highway Patrol Capt. E. F. Cassell, Redwood City, Chief Foster Andrews, Menlo Park, and County Engineer M. A. Grant, supply and transportation; Acting Chief Walter Wisnom, Hillsborough.

Royal Air Force pilots under training for night flying are given a special diet which consists of a heavy ration of carrots and cod-liver oil. It helps ward off "night blindness" caused by a lack of vitamin A.

Moose Lodge Aids Cubs

Installation of the Loyal Order of Moose as the sponsoring institution for Redwood City Cub Pack 15 took place Tuesday at impressive ceremonies in the lodge hall.

Featured at the meeting was the appearance of cubs of the pack before members of the new sponsoring body. G. C. Halliwell of San Carlos, council cubbing commissioner, conducted the cubbing activities, which included a formal pledge to the Cub Promise and the Law of the Cub Pack taken by members of the pack.

Louis C. Christensen, troop organization chairman for the southern division and council vice president, presented new committee members with national registration certificates. The pack committee is to be headed by Darrell Davis of Burlingame.

Halliwell installed the pack, presenting the charter to the lodge on behalf of the National Council of the Boy Scouts of America, and emphasizing the opportunity to serve the boyhood of Redwood City embodied in the charter obligations to which the lodge has subscribed.

Membership in Pack 15 is at full strength with the addition of a sponsoring body to the pack organization. Charter members include Edward Marcroft, Roger Binkley, candidates; Den 1 members—Roger Fogg, Geo. Mohun, John Mohun, Theodore Stevens, Tommy Tennant, Dana MacCormack, Myron Moses, Frank Sommer; Den 2—John Clarke, Leon De Mars, Robt. Graham, Robt. Hansen, Donald Holmquist, Herman Knute, Frank Willis, William Cruz, Frank Brandes, Irwin Bartlett, Frank Turner; Den 3—Arthur Braun, Dick Sygones, Robert Linebarger, Frank Louisa, James Scales, Richard Schreiner, James Wakefield, Galen Klein, Bud Place, Ossian Tiernlund; Den 4—William Kesner, Kent Phillips, Richard Rouse, Don Vaughn, Kent Williams, Jack Lawry, Donald Bordenave and Gordon Seely Jr.

Boy Scout den chiefs of Troop 120, sponsored by the Congregational Church, who lead the dens include Elmer Kruse, Charles Day, Lowell Stout and Donald Stout.

27,000-Mile Jaunt Ended By Dentists

BURLINGAME—Tired, happy, still excited, but "glad to be home," Burlingame's "flying dentists" were back today from an adventurous aerial vacation which took them 27,000 miles in their own plane and 10,000 in commercial planes as they flew over 18 countries.

On the trip they skirted active volcanoes; passed at 10,000 feet altitude the tallest mountain on the Western Hemisphere, Mt. Aconcagua, 23,081 feet above sea level; flew through blinding rain storms; "cracked up" in a jungle, and came home, unscratched from the accident but scratching the bites of jungle insects.

Starting Feb. 16 in a small, 75-horsepower plane, Drs. Cecil R. Smith and Joseph H. Lorenz made the vacation trip that will live long in their memories.

Some of the worst weather on the trip was encountered in California, in the two-day jump between Mills Airport and Mexicali. Commercial planes were grounded during this storm.

First mechanical trouble was encountered at Mexico City, where a break in the landing gear developed and a day's time was required to repair the damage. The mechanical difficulty which caused the forced landing on the eastern coast of Brazil, which ended their trip in their own plane, was valve trouble and trouble with an oil cooler.

The aviators were forced to make a landing in a jungle clearing, and the plane bogged down in the sand, practically undamaged. The aviators removed flying instruments and abandoned the plane, then made a two-day hike to Sao Luiz, the nearest town. During the hike the aviators subsisted on emergency rations. They said there was no way to rescue the plane. The forced landing was made after the valves locked, stopping the motor.

A few Indians who gathered at the stranded plane were made to understand that the two white men wanted to get out of the jungle. The Indians obliged by guiding the dentists to the coastal town.

From Sao Luiz, the pair returned home by commercial airline, via Miami and Chicago.

NEW ADDRESSES
New addresses on file at the Redwood City city hall include: Mrs. Edwin Johnson, 307 Warwick St.; Ralph R. Stubbe, 1171 Fay St.; Tony Tafoya, 418 E. Brewster Ave.; W. Primm, 232 Vera Ave.; C. W. Young, Highland Ave. and Laurel St.; D. Schetski, 807 Roosevelt Ave.

Coffee is now being hermetically packed in a new plastic paper package. It is said to rival the vacuum-sealed tin can for efficiency.

Dance Permit Is Pondered

MENLO PARK—The question of whether or not Menlo Park should obtain the services of the San Mateo County Health Department came up once again before the city council Tuesday night, almost as settled, then was set aside until the next meeting, Apr. 8, at which time it probably will be decided once and for all.

Original proposal that the city obtain the county's services was brought up at the Feb. 25 meeting. According to state law, deadline for application for the services is Mar. 1 each year, and Menlo Park thus was required to pass a resolution before that date. Then, the county board of supervisors would approve it, and the service would be extended to the city at the beginning of the fiscal year, July 1.

Although the council's taking no action at the Feb. 25 meeting seemed to kill the matter, last night's discussion gave evidence that the city may take action under a special emergency section of the law, which provides for cases such as this.

As explained by a representative of the county health department, the situation is this: If the city fails to make provision for health services when it prepares its budget for the next fiscal year, then a state of emergency could be declared, and the county would step in and provide the necessary health services.

This decision must be made before July 1, it was explained. The problem revolves around the question of whether or not adoption of the county set-up would mean the dismissal of Dr. Robert Gerlough, who acts as city health officer.

Following Councilman Henry Carroll's protests against immediate action on the grounds that interested parties weren't present to discuss the matter—"This hall won't hold the people who will come if you call a special meeting"—the council voted to make the matter an order of special business for the next meeting.

The council considered an application of Frank Rohner for a permit to operate the Blue Moon Dance Hall, and to serve beer on the premises, then referred the matter to the license board, members of which are Mrs. Fannie Kurtz, city clerk, and Police Chief Foster Andrews.

Councilman Paul Bryant said he believed the "majority" of the city's residents would be "opposed" to the granting of such a permit.

It was decided to have a survey made to determine the places in the city which are most in need of street cleaning by the city, in an effort to decide what locations should be cleaned by

New Record In January

The first year of the new Redwood City Public Library was highly successful, with steadily increasing membership and book circulation, Librarian Wilhelm Harper reported here following a meeting of the library board of trustees at which her annual report was submitted.

The library's membership, increasing at the rate of about 100 new members a month, is now 27 per cent higher than the standard set by the American Library Association.

During the past year, Miss Harper reported, 1357 new members were added. Book circulation during the first year in the new library building reached the peak of 149,938, an increase of 31,907 (27 per cent) over the preceding year in the old building. The per capita circulation was 12.03 books per person.

"The highest circulation in the history of the library was achieved during January of this year, when 16,763 volumes were taken out by borrowers," Miss Harper said. "This is an increase of 2811 over the same month a year ago, and is 5724 greater than January, 1939."

The February report showed a circulation of 15,539 volumes, representing more than two-thirds of the library's entire book stock. The increase over the preceding February was 1518, and the increase over February, 1939, before moving into the new library building, was 5138.

A survey of the library's activities since the time it was reorganized, Mar. 1, 1929, to June 30, 1940, was submitted by Miss Harper. In 1929 the book circulation was 38,397 (compared with 149,938 for the last year) and the membership increase for the year was 661 (compared with 1809 last year).

Approximately 20,000 books were added during the 12-year

property owners, and which ones by the city.

Taken under consideration was a proposal of F. J. Mallet to dedicate to the city a right-of-way through his property if the city will construct a street there. The property is located at the end of Alice Ln., half a block from University Dr. The proposed street would cut through the Mallet property—about 150 feet long—and join an alley which extends to Fremont St.

Councilman Bryant was appointed to study, with members of the planning commission, the problem of installation of sidewalks along El Camino Real.

The resignation of Harold W. Staub from the planning commission was accepted.

City Engineer Edwin H. Smith reported his study of the proposed street improvement program will be ready in about two months.

A request of Wallace A. Brown, 120 Arbor Rd., for additional time to dispose of a litter of pups at his kennels (the council revoked his operating permit at its last meeting) was granted to the extent of 90 days. He had asked for a year, but the council decided three months to be "reasonable."

Tribune Plan Is Approved

HALF MOON BAY—Ray Mori of Mori's Point near Sharp Park, was elected president of the Western San Mateo County Progressive Association at its meeting in the association's clubrooms at El Granada Monday.

Mori, vice president for six years, succeeds Harry Clark of El Granada as president.

Other officers elected were George E. Dunn, Half Moon Bay, vice president; M. E. Cardozo, Half Moon Bay, executive secretary; Jay Williams, Half Moon Bay, recording secretary; Dante Dianda, El Granada, treasurer.

After discussing the Tribune's proposal for a county-wide committee to study the county charter for revision, the association, favoring such action, decided the Coastside should have at least three representatives on the committee.

Judge M. J. Bettencourt of Half Moon Bay, chairman of the Coastside highway committee, reported progress was being made by the committee toward highway improvements. The committee expects the Ocean Shore Hwy. project to be developed greatly in the near future, he told the association.

The association ordered letters sent to the State Highway Commission, meeting next Friday at Eureka, and to the county board of supervisors urging that sufficient funds be set aside for the repair of the highway between Sharp Park and Thornton, damaged by storms during the winter.

Retiring President Clark thanked the women's committee for arranging dinners and refreshments during the year. The committee was reappointed by the new president.

A letter was read from Congressman John Z. (Jack) Anderson, expressing the belief that his bill to construct a breakwater at Half Moon Bay would receive favorable consideration in Congress.

Congressman Anderson's letter to the association follows: "I feel that the National Defense Program has expanded so tremendously during the past seven or eight months that my Bill, H.R. 1765, will meet with more success than it did during the last Congress, when the President designated it of insufficient importance to national defense to warrant special consideration at that time."

R. C. Residents Invited To Attend Open Forum

Redwood City residents were invited today by Fred H. Drake, one of the leaders in the movement, to attend Friday night's Open Forum at San Carlos City Hall, beginning at 8 o'clock, at which Assemblyman Harrison W. Call of Redwood City and Sen. Harry Parkman of San Mateo will discuss pending state legislation. The two legislators are flying from Sacramento for the session.

There is no admission charge for the session, which ends with a question-answer period.

Norwegian Factory Fired in British Raid on Lofoten Islands

Most dramatic picture of Britain's daring raid on the Nazi-held Lofoten Islands is this scene, from Movie-tone News, showing members of the raiding party, guns poised for attack, watching fire sweep through a glycerine factory off Narvik, Norway. Britons captured 215 Nazis, rescued 300 Norwegian patriots.

5 Burlingame Officials Hurt In Car Crash

Five city officials of Burlingame were injured Thursday when their automobile struck an abutment as they were en route to Santa Rosa for a national defense meeting of police chiefs. None was hurt seriously.

The injured: Mayor E. R. McDonald, 55, wrist and leg sprains, general cuts and bruises.

Police Chief John J. Harper, 64, the driver; possible rib and knee fractures, cuts on hands.

Vice Mayor C. A. Buck, a resident of Redwood City, face cuts.

City Judge Allen J. Ward, injuries to hands.

City Treasurer Frank Bloom, face lacerations and injury to right shoulder.

The accident occurred in Marin County, about a mile north of the Golden Gate Bridge.

At Park Emergency Hospital in San Francisco, attendants said Mayor McDonald and Chief Harper would be released sometime this afternoon. The other men were able to leave as soon as their wounds were dressed.

In discussing the accident, McDonald said that "the wheel appeared to lock and the car skidded into a bank, and that was all there was to it."

Two men suffered cuts and bruises shortly after 4 a.m. today when their car went out of control on El Camino Real at Avondale Ave. in Redwood City and hit a tree, police reported.

The driver was Frank Moyer, 45, of 1101 Palm Ave., San Mateo, and his passenger was Ted Spreng, 45, of Sequoia Hotel, Redwood City. Both were treated by a local physician.

Former Baden Head Dies in Mexico

Death Wednesday in Mexico City of Richard C. Stickle, 63, South San Francisco building contractor and former president of the Baden Kennel Club, was revealed here by E. P. Kauffmann, president of the Bank of South San Francisco, who was named executor in a will executed May 11, 1940.

Kauffmann, said that Mr. Stickle, who had suffered from heart trouble for several years, had left for Mexico for his health a week ago yesterday and apparently had just arrived in the capital city before his death.

R. C. Plumber Charged With Shooting at Wife

James Harding, 41, a Redwood City plumber who lives on Seventh Ave. in North Fair Oaks, was in the county jail today charged with assault with a deadly weapon as the outcome of an argument Wednesday with his wife, Pauline.

Mrs. Harding, who is employed at a Belmont sanitarium, told Undersheriff Lawrence Nieri that she telephoned a 19-year-old neighbor last night when she and her husband argued, asking the youth to take her to the sanitarium. While the youth and Mrs. Harding were walking toward his house a short distance away, she told Nieri, Harding drove up in his car, got out and fired a .20 gauge shotgun.

Mrs. Harding screamed that she had been wounded, the youth scuffled with Harding and took the gun away from him, then drove Mrs. Harding to the sanitarium, having ascertained that she had not actually been struck.

Harding was arrested today by Deputy Sheriffs Walter Moore and Frank Marlowe at the plumbing shop where he is employed. Questioned by Dep. Dist. Atty. Louis B. Demattels, he denied that he had fired the shot. He was jailed in lieu of \$1000 bail or \$2000 bond.

Last November a police search was instituted for Mrs. Harding, mother of five young children, when her husband reported her missing. When located in San Francisco she told officers she planned to get a divorce.

Pedestrian Injured In Broadway Accident

Jacob Krebs, 47, of 1241 Roosevelt Ave., Redwood City, suffered a fracture of the left leg and a dislocated shoulder shortly before 5:30 p.m. Tuesday when he was struck by an automobile while crossing Broadway near Jefferson Ave., Redwood City. Driver of the car, Herbert Walters, 41, a salesman who lives at 417 Hillcrest Dr., San Carlos, was not held. He told police that Krebs stepped in front of his car and that he was unable to stop in time to avoid hitting him. Krebs was taken to Palo Alto Hospital.

J-M Company Employees Get Report

Continuing a practice he established three years ago and which is now followed by more than 300 companies, Lewis H. Brown, president of Johns-Manville Corp., has issued his 1940 annual report to company employees, it was announced here today by Manager E. S. Hurrell of the local Johns-Manville plant.

The report is the fourth issued by Brown. The first appeared in the early part of 1938 and covered the activities of the company for the year 1937, Manager Hurrell said.

The report consists of a letter to J-M employees from Brown, a section devoted to highlights about the company and a simplified tabulation of income and expenses during the year, both in total dollars received and paid out and with a breakdown of each dollar in cents.

Cartoon illustrations featuring the gnome-like figure of the "J-M Dollar" which appeared in 1938 and 1939 reports are used throughout to emphasize certain salient points in the report. Sales for the year amounted to \$61,761,236, an increase of 19 per cent over 1939 and about the same as in 1929, the company's biggest year of sales.

Total wages and salaries for 1940 were \$20,209,093 or 9 per cent greater than in the previous year.

Net profit earned by the company in 1940 was about 9½ cents out of each dollar of income and amounted \$5,882,071 compared to a net profit of \$4,127,691 earned in 1939, the report showed. The 1940 profit includes a dividend from the J-M Credit Corp. of \$560,000 which was paid out of earnings accumulated during the last 3½ years, and which Brown points out cannot therefore be considered as regular or recurring annual income.

Board Splits in Ordering Legislation To Curb Activities of Manager

Acting on the order of the board of supervisors, who seek to halt the traveling activities of County Executive Frederick Peterson, Asst. Dist. Atty. Daniel E. Sullivan was studying the law today to see if it would be legal to pass an ordinance requiring the executive to secure permission from the board before leaving the county on business.

The board at its special meeting late Wednesday directed the district attorney to prepare the ordinance, which would require the executive to secure written permission of the supervisors before traveling out of the county on county business.

Vote on the motion, which was made by Supervisor John A. Lynch of Burlingame, split the board 3 to 2 for the third time in recent weeks with Board Chairman Fred E. Beer of San Mateo and Supervisor Thomas L. Hickey of South San Francisco in the minority.

HEATED EXCHANGE

The action, following a hot exchange of words in which Peterson refused to take an oath to "testify" before the board, came at a meeting called to pass some \$50,000 in relief claims. It was the result of frantic but unsuccessful efforts of the supervisors to reach Peterson in Sacramento Tuesday when it was discovered he had failed to sign the relief vouchers.

There was some question about the legality of restricting the executive's actions by ordinance, but Attorney Sullivan said he would study the matter to see what procedure

S. C. Business Property Purchased by R. C. Man

Noel R. Ramsey of Redwood City has purchased a 30x100-foot improved piece of business property in San Carlos, according to a deed filed in the office of County Recorder T. Clark Rice at request of California Pacific Title & Trust Co.

The property, located on San Carlos Ave. between the Carlos Theater and Bank of America buildings, houses two stores and two apartments. Ramsey purchased the site from the Bank of America.

Montgomery Ward Suit Transferred to S. F.

Petition of the Montgomery Ward Employees Association seeking injunction action against striking unions picketing five of the firm's stores on the Peninsula was transferred to the federal district court in San Francisco today by Superior Judge Maxwell McNutt.

Removal of the action to federal court was on petition by the defending organizations, which alleged that the plaintiff's charges come under the National Labor Relations Board Act and are under the original jurisdiction of the federal court.

The employees association asked in its original petition that the defending unions be enjoined from picketing Montgomery Ward stores and negotiating with the firm. Judge McNutt issued a temporary restraining order prohibiting picketing, but the order was disregarded by the pickets.

Defendants in the action are the Retail Clerks International Protective Association, Garage Employees Union and Building Service Union, American Federation of Labor unions.

Stores involved in the suit are at Burlingame, Redwood City, Palo Alto, San Jose and Gilroy.

Liquefaction Process Firm Locates Here

Remodeling work and installation of heavy equipment in the rear of the Redwood City Garage at the corner of Main and Buckeye Sts. has been started by the Liquefaction Process Corp., which has leased that part of the building.

Concrete foundations have already been poured for heavy compressor machinery, reportedly for the manufacture of liquid oxygen—a new industry for Redwood City. Installation will continue when the rest of the machinery arrives from the East.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

How much need I pay for my Easter Dress?

I'll get topnotch styles at Wards for only 2.98

I'll feel the difference in fit and fabric at 3.98

And my dress will be truly distinctive at 6.49

I won't see myself "coming and going." They can't put such expensive details on rayon crepes under \$6.49! They're usually more! 9-15, 12-52.

Bacon Muffins Are Delicious

It's an experienced cook—and a good one—who always keeps extra bacon on hand to add that extra zip of flavor to broiled meats and steamed vegetables. Of course, the bacon must be absolutely topnotch—whether you're using the meat itself or the drippings; and the quality of flavor depends on the smoking process.

In Oakland, for instance, the Miller Packing Co. smokes its bacon for 21 days before it's ready for the market. It is bacon like Miller's that puts a crown of fine flavor on ordinary meats and vegetables, and turns them into royal dishes.

And here's a Bacon Muffin Recipe you'll want to put on your "active list" once you've tried it:

- 2 slices bacon
- 1 beaten egg
- 1 tablespoon sugar
- 1 cup milk
- 1 cup flour
- 1/2 teaspoon salt
- 4 tablespoons baking powder
- 1 cup corn meal

Cut bacon in small pieces and fry slowly until crisp; add egg, sugar and milk. Add this mixture to sifted dry ingredients and

L. J. Clements, Builder, Dies After Illness

A six weeks' serious illness that had followed a year's ill health ended in death at Mills Memorial Hospital at 2:30 a.m. Monday for L. J. Clements, Redwood City district resident since 1922.

Mr. Clements, an electrical engineer who had been engaged in the real estate, building and contracting business here, made his home on Vine St. in San Carlos. He was well known because of his extensive building activities during his nearly 20 years' residence in this community.

Mr. Clements, who was 55, was the husband of Edna L. Clements; the father of Vera M. Clements of Redwood City, office manager for the Tribune, and Leo C. Clements of San Carlos, and the brother of Mrs. Ella Michel of Long Island, N. J. H. D. Clements of Salinas, and Herbert Clements of Cleveland, O.

corn meal; stir until just blended. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 degrees) 20 to 25 minutes. (Makes 1 dozen muffins).

Mischa Elman Slated For S. F. Appearance

SAN FRANCISCO—Mischa Elman, celebrated violinist and one of the extremely popular figures on the concert stage, will have under his chin one of three rare violins he owns, aggregating more than \$100,000 in value when he appears at the War Memorial Opera House, Sunday afternoon.

The greybeard of his collection is a Stradivarius, dated 1717, said to be one of the three most prized violins in the world. A companion piece to this a 200-year-old Stradivarius, is dated 1722.

The juvenile among the famous instruments is an Amati, which is now 175 years old. It is one of Elman's most cherished violins because it was his first instrument.

Following Elman's concert here the Opera Association will present Nino Martini Apr. 1; Josef Hofmann Apr. 22; Helen Traubel Apr. 29; John Charles Thomas May 2.

Tickets are on sale at Sherman Clay & Co.

Paris, Norway, Poland, Denmark, Calais, Naples, Rome and China are names of town in Maine.

'UNREAL REALITIES' IN THIS AMAZING AMERICA

VISITOR FROM THE SKY→

Centuries ago a monstrous meteor smashed into the desert with a crash that in one second displaced as much earth as was dug from the Panama Canal. Meteor Crater, near Canyon Diablo, Arizona, is the result.

HOME GROWN AFRICAN LIONS

At El Monte, California, there's a farm where the only livestock raised is lions. Far from their native Africa these wild beasts are born and raised to earn a living for themselves in very un-lionlike fashion—as high-salaried movie stars!

41 PASSENGER TOURING CAR→

Greyhound's streamlined Super-Coaches are often called America's "out-of-town" cars. They are big, luxurious 41-passenger limousines, complete with chauffeurs. Air-conditioning insures comfort summer and winter.

BATTLE ABOVE THE CLOUDS

The most famous "battle above the clouds" was fought on land—almost 50 years before airplanes were invented. The summit of Lookout Mountain, near Chattanooga, Tennessee, where rival armies battled during the Civil War, can today be reached without a struggle, without even an effort, on the world's steepest incline railway.

Full-Time Director?

The possibility of hiring a full-time recreation director for Redwood City will be studied by a budget committee appointed by Chairman Andrew Spinas of the city recreation commission Tuesday night.

At the commission's monthly meeting in the city hall, it was brought out that WPA help on the recreation program is rapidly dwindling, as men are absorbed by private industry.

The budget committee, with Donald L. Bogie as chairman, assisted by Louise Stiles and Carl Britschgi, will determine whether hiring of a full-time director is feasible.

Carl Britschgi, attended his

Trees and Shrubs, Gift To Atherton, Set Out

ATHERTON — Installation is nearly completed of approximately \$200 worth of shrubs and trees donated to Atherton by John Wohler and located in the area next to the town hall.

The city council voted this week to present a letter of thanks to the donor.

Other business included passage of an ordinance involving setbacks of corner lots. Scheduled for passage was an ordinance regulating signboards. The ordinance provided a quarterly fee of \$1 for each sign. This was amended to make the fee annual instead of quarterly. Final reading will be given at the next meeting.

First meeting as a new member of the commission, appointed to succeed Wayne R. Millington, who resigned recently.

'No Taxes For Bridges'

The San Mateo-Hayward and Dumbarton Bridges, the only two privately owned bridges in California, can be acquired by the state at no expense to the taxpayers through the issuance of revenue bonds issued solely against the earnings of the bridges themselves.

This is the opinion of the California Committee for the Public Ownership of Bridges which is sponsoring Assembly Bill 831, an enabling act, which, if adopted by the present session of the legislature, would authorize the State Department of Public Works and the California Toll Bridge Authority to enter into negotiations for the acquisition of these two bridges.

The committee, which also sponsored the state's acquisition of the Carquinez and Antioch Bridges, points out that this procedure is similar to that employed last year in the case of the two north bay bridges.

"The policy of the state in acquiring bridges has been to obtain them on a basis that would

ADMITS SHOPLIFTING

Mrs. Jessie Della Lund, 41, of 844 Topaz St., Redwood City, pleaded guilty to theft Monday morning before Judge E. I. McAuliffe, who referred the case to the probation officer for investigation and report, Apr. 10. Mrs. Lund was accused of taking a dress from the Montgomery Ward store. She was arrested by Redwood City police and is free on her own recognizance.

permit immediate reduction of tolls," says a statement of the committee. "The intent behind the state's policy is to make such bridges toll free at the earliest possible moment."

The committee's statement points out that when the Carquinez and Antioch Bridges were acquired through the issuance of revenue bonds there was an immediate toll reduction from 57 to 30 cents.

The California Committee for Public Ownership of Bridges, headed by John D. Bromfield of San Mateo as chairman, is inviting many organizations and individuals to join in sponsoring Assembly Bill 831, a permissive act only, which, if enacted, would enable the state to enter into negotiations for the acquisition of one or both of the two bridges.

Concert Due Here Friday

Spanish and Latin American rhythms will be featured in the specialty and band numbers for the 14th annual Sequoia Band and Orchestra concert to be held in the high school auditorium this evening at 8:15 o'clock.

The program will be in three parts, opening with a group of selections by the orchestra followed by special intermission numbers and concluding with the band portion of the program.

Special staging and lighting effects for the program are now being worked out by the student stage crew under the direction of Byron Nevill.

Members of the Parent-Teacher Association are helping to sell tickets, which will be 25 cents. Proceeds will be used to purchase needed equipment for the music department, explained Max L. Gelber, instrumental teacher at the high school.

Band and orchestra members are also selling tickets, and they may be obtained at the box office on the night of the concert.

Embezzlement in East Laid to R. C. Newcomer

Joseph D. Kohl, 48, former wholesale grocery firm salesman at Akron, O., accused of embezzling \$153 from the company, was arrested Monday at his hotel room in Redwood City where he was registered as Joe Greece.

Undersheriff Lawrence Nieri said that Kohl had left his job

in Akron last October and had been employed on the Civil Aeronautics Authority radio station project east of Belmont since January. He waived extradition and Akron authorities are to arrive here next Monday to take him back.

Kohl admitted the embezzlements, Nieri said, but when he

was arrested he had only \$10. He explained to Nieri that he had spent the rest of the money "on the ponies" and in other ways. Kohl was arrested by Deputy Sheriffs Frank Marlowe and Walter Moore on information from Akron.

It takes about 45 gallons of water to fill a bathtub of average size.

Roosevelt's Signature Makes Seven Billion Dollar Fund Available

British Aid

Bill Flown To Yacht

ABOARD U.S.S. BENSON AT SEA — President Roosevelt, aboard the yacht Potomac on a fishing-vacation cruise, signed the seven billion dollar British Aid Bill yesterday.

His action makes the huge fund immediately available to establish the United States as the "arsenal" of nations fighting aggression.

Accentuating the record-breaking speed with which Congress voted the money, the bill was sent by airplane to the President's yacht cruising in Florida waters a few hours after legislative action was completed Tuesday. Bad weather, however, delayed delivery until today.

In its broad outlines, the bill earmarked the fund in the following categories and amounts: \$1,343,000,000 for ordnance, armor and ammunition; \$2,054,000,000 for such vitally needed weapons as bombing and pursuit planes; \$362,000,000 for tanks, armored cars and other motor vehicles; \$629,000,000 for ships and all types of water craft; \$752,000,000 for new plant facilities needed to turn out the materials; \$200,000,000 for repairing British war vessels and other defense equipment; \$1,350,000,000 for agricultural, industrial and other commodities, including such things as cotton and tobacco and \$260,000,000 for miscellaneous military equipment and supplies.

Girl Scouts Make Pewter Brooches

WOODSIDE—Some very attractive costume jewelry will be worn soon by certain young women of Woodside, for the local Girl Scout troop members are making pewter brooch pins of original designs, for their present handicraft activity.

At least one meeting day a month is devoted to sewing for Red Cross war relief work and the girls are working on baby quilts.

The troop has been striving toward obtaining complete uniforms for all members and one friend of scouting, Mrs. Kearse Fahy, is embroidering the Girl Scout insignia on 10 neckerchiefs.

The local troop celebrated the 29th anniversary of Girl Scouting in a fitting manner at a special party to which the troop committee members were invited as guests.

Factories in the Normandy section of France are manufacturing cloth containing 40 percent cellulose.

Paraguay, with about 1,000,000 inhabitants, is the least populous of South American nations.

First Aid Course Completed by 17

ATHERTON—Seventeen members of the Atherton Red Cross workers group have passed the standard Red Cross course in first aid, according to the instructor, Chief Thomas F. Cuff of the Menlo Park Fire District. The course included 20 hours of study. The 17 women now are taking the 10-hour advanced course and many of them are expected to continue with the instructor's course upon completion of the advanced study.

Those who passed the course included Mesdames Dorothy McNear, Dorothy Baxter, Geraldine Brooke, Nellie Boren, Sylvia Davis, Eleanor Dodson, Sophy Winterbottom, Elizabeth Levensaler, W. J. Mahaney, Mildred Poole, Nana Wells, Helen Weltner, Dorothy Wright, Rosalind Morhead, Matlie Smith, Margaret Dorst and Marie Phillips.

Milkshakes, Negroes Fascinate Britishers

Two British girls who had never seen, among other things, a milkshake or a Negro, fascinated Redwood City Kiwanians as the strange things of this country fascinated them when they told of their impressions of the United States and of the defense of England yesterday.

The pair—who said they were not refugees but were in this country to learn American ways so that they could play an important part in the reconstruction of England when the war is over—are now living with relatives. They are Ann Capes, 15½, and Mary Potts, 15. They were accompanied to the club by William T. Van Voris, principal, and Miss Elsie Northrup, vice principal, of Burlingame High School. The attractive Miss Capes, speaking in a precise manner, left Glasgow in 1939, so could say little of conditions in her homeland, but Miss Potts, having left only last Sept. 23, told of her brother's work in the Royal Air Force, of her father's activities as a home guard, of the ship on which she came to this country being struck by a dud torpedo, of the setup of Britain's home defense, and of other revealing facts about the war.

P. A. Policeman Named New Deputy Sheriff

Ralph R. Stubbe, for the past two years a member of the Palo Alto Police Department, has been appointed a San Mateo County deputy sheriff. It was announced here by Sheriff James J. McGrath. Stubbe succeeds Grover Mull, who recently resigned as a deputy to accept a position as head guard at the Bethlehem Steel Co. plant in South San Francisco.

The new deputy, a trained radio engineer, is expected to hold a key position when the proposed countywide police radio system is installed. He expects to move to 1171 Fay St., Redwood City, Apr. 1.

Chicken Pox Gains Reported in County

Nearly a 100 per cent increase in the number of cases of chicken pox in San Mateo County last week over the previous week was reported by Dr. Charles C. Gans, county director of health and welfare, in his weekly public health bulletin.

With 10 new cases of the disease in Burlingame and 6 in

Redwood City, the total jumped from 12 to 23, Dr. Gans reported. Daly City, San Carlos and San Mateo each had two new cases and an additional case was reported in Colma.

German measles, with 17 new cases, showed a decrease over the previous week's 23. Seven of the new cases were at Menlo Park, San Mateo and Burlingame had four each, and San Bruno and Belmont had one each. There were 11 new cases of

whooping cough, the same as the previous week, with four in San Carlos, three each in Sharp Park and Burlingame and one in Redwood City. Two cases of scarlet fever were reported in Redwood City.

MENLO PARK NEWS NOTES

MENLO PARK—The fire commissioners' election on Monday, Apr. 7, promises to be a lively affair. The term of Charles H. Merrill expires and the veteran commissioner will not seek re-election. Warrington Dorst has announced his candidacy for the place. It is believed there will be other aspirants. Mr. Dorst resides in Atherton and is engaged in business in San Francisco. He is a high class man, well fitted for the position and no doubt he will be chosen.

The proprietors of the Menlo Theater have abandoned the idea of having the new theater on Santa Cruz Ave. The company has purchased the Siebert property opposite the grammar school on the highway, together with adjoining holdings on which they expect to erect a \$125,000 building. It is believed the opening of the play house will be an event for Sept. 9.

Milton Williams, lessee of the Menlo Park picnic grounds, has a number of men engaged in improving the park, preparatory for the first outing in the middle of April. When the contemplated improvements are completed, the grounds will be the finest in the county.

The Menlo Park Police Department has begun a crusade on the gambling places in town. Many have been "knocked over" and others have closed for the present. Let the good work of the police go on unabated.

Next Monday, a number of young men from this locality will leave for Camp Ord for military duty. From there they may be sent East for active training. About 20 will be sent from here.

Father Francis M. Harvey was buried from St. Mary's Cathedral Wednesday morning. The cathedral was crowded by friends

of the deceased priest. Father Harvey was among the first to graduate from St. Patrick's Seminary in the early nineties. His classmate, Father Brockage, celebrated the mass. Father Harvey for 25 years was the English teacher at the seminary, having as his pupils many of the prominent pastors now serving in the diocese. He was 71 years old and had been ill for a long time.

On Thursday evening, Past Presidents' Association 9, San Mateo County Native Daughters of the Golden West, entertained in Masonic Hall, Menlo Park, in honor of Mrs. Edith Kelley of Sacramento, state president of the general assembly.

The meeting hall was decorated with red, white and blue calla lilies, and the banquet hall was decorated with baskets of Spring flowers and the tables with red, white and blue candles.

Three past presidents were initiated into the association, Mrs. Frank Maloney and Mrs. John Murray of Menlo Park, and Mrs. Anne Rosekind of San Bruno.

Mrs. Kelley gave an inspiring talk on patriotism. Other state officers honored were State Vice Pres. Mrs. Alice Rolls of San Jose and Mrs. Frances E. Maloney of Menlo Park, state outside sentinel.

Gifts were presented Mrs. Kelley and Mrs. David Carlson, past grand president of the Native Daughters.

Visitors were present from Sacramento, San Jose, San Bruno, South San Francisco and Redwood City.

Mrs. Edgar Mosher and Mrs. Joseph Lovrich were in charge of the decorations. Miss Mildred Foley presided at the meeting.

Juneau, capital of Alaska with 5,800 population under the 1940 census, estimates it will have 10,000 residents at the end of 1940.

'Philosophy of Life Aid To Better Personality'

With attendance 50 per cent greater than that at the first meeting, Ferris M. Wakeley, State Board of Education instructor, conducted his final meeting in his night course, "Personality That Builds Business," at Sequoia High School Tuesday. The six weekly classes were sponsored by the Merchants' Committee of the Chamber of Commerce for the benefit of local employers and employees.

Wakeley's last lecture dealt with the philosophy of life, as it affects the individual's personality, and thus influences his business relationships.

He recalled Sir William Hamilton's definition: "Philosophy is the science of effects by their causes." Science reasons from cause to effect, but philosophy reasons back to causes from effects.

Life resolves itself into a sequence of causes and effects, the speaker said.

FINDING A PHILOSOPHY

"If we can determine the ultimate effect which individuals desire to attain through living and can trace the process of cause and effect from that point back to the first cause, we should have a philosophy of life."

Personality is an effect, Wakeley told the class. It is the impression the individual leaves upon other people as a result of what he is and what he does. The study of personality development usually starts with a knowledge of the favorable effect one desires to create and seeks means of producing it by setting the proper causes in motion.

"If a person thinks he can get what he wants in life by saving his conscience and taking action in directions contrary to the instructions of that small voice, he is apt to do it," he said. "To act in this manner will leave a definite impression upon others. The person who says, 'I'm out for myself, see,' has a less favorable personality than the one who, recognizing that the best way to advance in business, social life or anywhere else is to make oneself of use to others."

WRONG IDEAS DESTRUCTIVE

One wrong idea lodged in the mind of a person can so warp his thinking that all his acts are guided in the wrong direction, Wakeley said. An incomplete, or inadequate reasoning from cause to effect, or from effect back to cause, is nearly always responsible for this wrong idea and the destructive philosophy of life which it produces.

"People naturally want to have and to do the things which will provide them the greatest amount of happiness for the energy they must expend," he continued. "They may be ignorant of the ultimate results of their actions, but at the time they do the things that they do, they believe they are

doing what will bring them what they want. To know the truth would set them right.

"Many people believe that self-preservation is the prime motive for all human actions. With this as a part of their philosophy of life they often do things contrary to their impulses and account for their acts on the grounds that they must do these things in order to survive mentally, physically, socially or economically. They have failed to ask themselves why they want to survive. They have not realized that they would not want to live if they could be happier, or freer from unhappiness, in a state of non-existence."

CO-OPERATION GET RESULTS

"Evil ultimately destroys itself and those who set evil forces in operation are sooner or later destroyed by them. No one can

STABBING HEARING SET

Robert L. Wolfe, 24, Redwood City baker accused of assault with a deadly weapon in connection with the stabbing of Paul Clark, 32, Feb. 26, has been released from the county jail on \$1000 bail furnished by a bonding company. He is to appear for preliminary hearing Apr. 2 before Judge E. I. McAuliffe. Clark was stabbed and seriously wounded after an argument in the men's home at 241 Standish St., Redwood City.

make a success in life by himself, and no one can get others to help him make a success unless he is also willing to help them. Through the mutual exchange of usefulness, all parties benefit."

The principle of co-operation is a means of accomplishing greater results from the use of any given amount of energy, the speaker said. A group working together to accomplish a certain result can accomplish more for themselves by thus helping each other, than they could by directing their efforts toward a personal benefit.

Knights of Columbus Plan Communion

The members of San Mateo Council, Knights of Columbus, will gather in St. Bruno's Church, San Bruno, next Sunday at the special mass at 8 a.m. for their annual communion service. A musical program is being arranged. Following the mass, the Knights and their friends will have their breakfast in the Bellevue Inn, San Bruno. The principal speaker will be Father

FOOD STOLEN FROM HOME

ATHERTON — Discovery was made Monday of the theft of approximately \$10 worth of foodstuffs, mostly canned goods, from the weekend home of J. D. Cirke on Alameda Rd., Atherton, according to Chief J. E. Farrell of the Atherton police.

Peter M. Dunne, S. J., of the University of San Francisco, who will speak on the subject, "Good Citizenship." It is expected that about 200 will be present.

DENIES STILL POSSESSION

John Rinaudo of Millbrae, accused of possessing a still in violation of the State Alcoholic Beverage Control Act, pleaded not guilty Monday in Superior Judge A. R. Cotton's court. The case was continued until next Monday for trial. Rinaudo is free on \$200 bail.

Some firms blend wools of as many as six different shades of color in making khaki.

News of the Boy Scouts

Announcement of the award of a perpetual gold trophy as a special council, semi-annual court of honor prize to the troop with the highest percentage of registered scouts present to receive one or more advancement awards was made today at Scout headquarters. First winner of the new trophy will be determined Friday at 7:30 p.m. at the Spring council Court of Honor, McKinley School, Burlingame.

Featured also at the court will be a concert by the County Boy Scout Band. A talking motion picture on wild life will be shown.

Many Scout leaders have made reservations for the Region XII annual meeting to be held Apr. 3 at Hotel Oakland. Feature will be the visit of Dr. James E. West, chief scout executive.

Twenty-six committee members received National Training Certificates at the district training course, completed last evening at Lincoln School, Redwood City.

Members of the southern division committee met for the March session last evening at 8 at Sequoia High School. Summer camping plans for the Scouts occupied first position on the agenda. Progress with the scout disaster emergency corps organization was reported by Louis B. Dematteis, chairman.

Troop 106, Redwood City members enjoyed a group discussion on "What I Want To Do as a Scout" at last week's meeting, which was in charge of Acting

Scoutmaster George Silva. The troop meets Thursdays from 7 to 9 p.m. at Washington School and will welcome new members.

Hamilton Day, scoutmaster of Troop 143, Redwood City, led a group of five senior scouts of the troop to the explorer-emergency training school last Saturday at Burlingame Legion Hall. The troop is renewing its camping equipment in preparation for Spring trips and the 1941 camporette and camporee.

Troop 153, San Carlos, held a troop father and son meeting this week, with members and dads enjoying doughnuts and coffee following the meeting program. Several members attended the explorer-emergency course with Commissioner Dematteis last weekend.

At Troop 108, Menlo Park, O. H. Olson conducted a training meeting last week for the new scouts and committee members. Scoutmaster Charles Oram is putting scouts through tenderfoot tests and will be in charge of a demonstration of knot tying and scout games to be presented at the troop investiture ceremony in mid-April.

Troop 159, Woodside, members will hold a camporee practice session at the school next Saturday afternoon, with B. P. Dutton, field executive, assisting. Scoutmaster Jensen and Assistant Scoutmaster Darnell will teach the Scouts how to pack their back-pack-frames and set up proper camp kitchens and tents according to camporee regulations.

Toepke Suit Again Thrown Out of Court

Architect Will H. Toepke of San Mateo met defeat Tuesday in his second effort to get a superior court decision to force County Executive Frederick Peterson to sign his \$2000 claim for services on the new \$50,000 courthouse addition.

Superior Judge Maxwell McNutt again threw Toepke's case out of court on the ground that he had presented an unverified claim in conflict with provisions of the California Political Code.

"I might as well tell you that until you bring in a verified claim I am not going to mandamus anyone in this case," the judge told Atty. Ernest A. Wilson of San Mateo, counsel for Toepke.

Wilson said later he would prepare a new claim, with Toepke's notarized signature on it verifying its authenticity, and present it to the board of supervisors before bringing the case into court again.

Toepke filed suit against the county executive in January after Peterson refused to approve or disapprove his claim. The executive said he "welcomed" the suit as a means of obtaining a court interpretation of his powers and those of the supervisors in respect to their duties under the county charter.

\$56,000 Plant To Be Added At R. C. Site

Proposed construction of a new \$56,000 gypsum, lath and board plant at the Pacific Portland Cement Co. site in Redwood City was revealed here in a builder's contract filed in the county recorder's office.

The new building, construction on which is scheduled to start in about a month, will house an independent unit of the cement firm's operations, according to J. H. Colton, official in the San Francisco office, and will add about 20 men to the current employment roll of nearly 200. The structure will be of single story type and will occupy an area about 100 feet square.

Colton said the plant was not being planned as a result of the national defense program, but indicated that some national defense work would be carried on.

The contractor is Wells P. Goodenough of Palo Alto.

Cook on Hull Ranch For 30 Years Dies

Samuel Bynum, 57, cook on the Hull Ranch in San Carlos for the past 30 years, died Wednesday at Mills Memorial Hospital in San Mateo, following more than two weeks of failing health. He leaves a niece, Etta Russell of San Francisco.

Moffett Field Plans Open House April 6

MOFFETT FIELD—The public is invited to be the guest of the army air corps at Moffett Field on Sunday, Apr. 6.

Everything at the base can be seen by all who come from 10 a.m. to 3:30 p.m. and guides will explain the why and wherefore of the entire aviation set-up at Moffett's basic training school.

Occasion of the seldom-occurring open house is nationwide celebration of army day—which will be observed on Monday, Apr. 7.

"The field will be open both Sunday and Monday," Major Burdette A. Palmer, public relations officer, said. "However, we hope most of the people will come Sunday because we are making special preparations for that day, and Monday will be a business day for us. In addition, some of our operations will be closed to the public on Monday."

Forum Letters

APPRECIATION TOLD FOR BUS IMPROVEMENT

EDITOR: The following is a copy of a letter being sent by us to the mayor, city council and city manager of Redwood City and to R. F. Martin, operator of the Redwood City Bus Line:

Gentlemen: In behalf of the citizens who signed the petition asking for an improvement in our bus system schedule, we extend to you our sincere thanks for your hearty co-operation, giving to the citizens on Routes A and B and neighbors near the routes a new schedule, with new buses, beginning Apr. 2.

It will be a pleasure to co-operate with you in any worthy cause in the advancement of and the building of a more beautiful

Six Cited by Patrol Pay Speeding Fines

Six persons cited by the highway patrol for speeding have paid fines in Judge E. I. McAuliffe's court. Largest fine—\$15—was paid by Percy E. Ritchie, 43, San Francisco, for speeding 70 miles an hour on Bayshore Hwy. south of Redwood City.

Other fines were paid as follows: Stuart C. Williamson, 21, San Jose, \$2.50; Carmelo Cognata, 41, San Francisco, \$2.50; Maurice L. Brenner, Monterey, \$5; David Rosenbaum, 26, San Francisco, \$5; Carl E. Battin, San Francisco, \$5.

Although the Philippines are situated in the middle of one of the best fishing grounds in the world, canned fish is a major import.

city of homes.

Dressing, Mayonnaise Recipes Are Given

Meal-in-one salads are a boon to the busy housewife. Prepared ahead of time, they can be served up in five minutes—just time enough to arrange the various ingredients in appetizing fashion. Raw and cooked vegetables give minerals and vitamins; fish, eggs or meat give proteins; salad dressing gives essential fat. With rolls or bread, and with a beverage suited to the weather—tea, coffee or chocolate iced or hot—such a salad is a really adequate luncheon or supper. Here are piquant flavored dressings that are sure to be menu stars because they are failure proof.

CREAM CHEESE DRESSING

1 package (3 ounces) cream cheese
3/4 teaspoon salt
1 egg yolk
1/4 cup sweetened condensed milk

Mash cream cheese with a silver fork. Add vinegar, salt and egg yolk and blend thoroughly. Fold in sweetened condensed milk. Chill. Makes 3/4 cup.

MAGIC MAYONNAISE

2/3 cup sweetened condensed milk
1/4 cup vinegar or lemon juice

Children's Clothes Lost In Sunday Morning Fire

Flames of undetermined origin, starting in a bedroom closet at the John Teshara Jr. home, 304 Roosevelt Ave., Sunday morning charred the closet, damaged the bedroom and destroyed clothing belonging to the two Teshara children.

The fire was discovered at about 9:45 a.m. by John Teshara III, 8, who entered his room and found the closet afire and the flames spreading to the bedroom. He ran to warn his parents, sleeping in another room. His sister, Beverly Ann, 9, was in the yard at the time.

Firemen were summoned and quickly extinguished the flames. Damage, including the loss of all the children's clothing except that they had on, was estimated at several hundred dollars. Damage to the house was covered by insurance.

1/4 cup salad oil or melted butter
1 egg yolk
1/2 teaspoon salt
1/2 teaspoon mustard
1 teaspoon dry mustard
Place ingredients in mixing bowl. Beat with rotary egg beater until mixture thickens.

Gardening Is Safe—If You Don't Fall And Break a Leg

Two San Mateo County men who stayed "safely" home in their gardens on Sunday while thousands of others hazarded their lives on crowded highways, today had occasion to wish they had taken motor trips too.

Councilman Dave McCullough of San Mateo tripped on the edge of a flower bed yesterday as he left the garage at his home. The fall broke both bones in his left leg just above the ankle—but he was patched up and back at his office today, his damaged extremity propped up on a pillow.

Meanwhile, Henry W. Boldt, 986 Atherton Ave., Menlo Park, had returned home after receiving treatment for a fracture of the right leg. Boldt was mowing his lawn when he fell. He was given the necessary treatment at Palo Alto Hospital.

Few Crashes On Weekend

One man was fatally injured and another was seriously hurt in Peninsula traffic accidents during the weekend, but comparatively few crashes were reported considering the number of automobiles which jammed the highways as motorists took advantage of the fair weather for trips in this area.

J. R. Pruitt, 35, Western Pipe & Steel Co. employe at South San Francisco, died shortly after noon Monday of injuries received Saturday night in a San Mateo accident in which five others were hurt. He suffered a skull fracture, crushed collar bone, internal injuries and extensive lacerations of the scalp.

Badly hurt was Albert Kristee, of 494 Fourth Ave., Redwood City, who was in Palo Alto Hospital suffering from internal injuries as a result of a motorcycle accident on Sand Hill Rd. back of the Stanford campus late last night.
